

# STATE OF THE UNION 2010

FRIDAY MAY 28, 2010

8:30 – 3:30 PM (8:00 – 8:30 REGISTRATION)

BREAKFAST & LUNCH PROVIDED

FITZGERALD BUILDING – ROOM 103 (USE WEST ENTRANCE)  
150 COLLEGE STREET, TORONTO, ON

The Toronto Central Palliative Care Network is the forum where by regional stakeholders with an interest and focus in hospice palliative care come together to ensure integrated quality hospice palliative care within the Toronto Central LHIN. 2009-10 proved to be an exceptional year for the network and the region. A number of achievements were realized and significant momentum around coordination and collaboration was seen.

Come join the network on May 28, 2010 from 8:30-3:30 for the second annual State of the Union. A State of the Union Address will be given summarizing the successes to-date and future directions. The event will also feature a plenary session where speakers, including the TC LHIN, will share their views and opinions on health services and hospice palliative care integration, including ideas around Aging At Home, wait times, Single Points of Access, Continuity of Care, Navigation, and Care Closer to Home. The region's Hospice Palliative Care Systems Integration Blueprint & Plan will also be unveiled. A workshop will be planned for the afternoon, where the audience will be engaged to help identify actions that will help realize the vision of an integrated hospice palliative care system for the region.

Staff and volunteers from Network member organizations and regional partners and friends are encouraged to attend. This will be a great opportunity to network and engage in dialogue with your colleagues and community and healthcare partners, and to hear about the progress that has been made to-date and future directions in hospice palliative care in the region.

| MORNING AGENDA  | SPEAKER(S)   |
